- The writing & editing process for beginner and advanced writers
- Diversity in books; the meaning of “windows and mirrors”
- How to self publish

## Teacher Recommended

She **captivated** an audience of not only students but their teachers as well. Ms. Marietta has the ability to **connect** to her audience, not only in writing but her speaking.

Students were able to **learn** from an experienced writer the effort it takes to publish a book and were **inspired** to do so.

I **highly recommend** Danielle Marietta as a speaker at your next event!

BOOKS ARE MY LOVE LANGUAGE.
